

Atlantic Fenestration Systems (“AFS”) is a licensed fabricator of Tubelite storefronts, entrances, and curtainwall products, serving the New England region. Our facility, located in Raynham, Massachusetts, is conveniently located near Routes 24, 95, and 495. AFS utilizes state of the art equipment, including two Elumatic saws with Tiger Stops and an Elumatic SBZ-122 CNC machining center. We strive to produce top quality products, while offering extremely competitive lead-times within the industry.

STOCK INVENTORY AND OFFERINGS:

- Tubelite framing system E4500 Center Set
1-3/4” x 4-1/2” non-thermal framing for ¼” glazing
- Tubelite framing system T14000 Center Set
2” x 4-1/2” thermal framing for 1” glazing
- Tubelite Narrow, Medium, and Wide Stile doors with options for 10” bottom rails and 5” mid-rails
- Door Hardware: Butt Hinges, Continuous Hinges, Maximum Security Locks, Flush Bolts, Concealed Vertical Rod Panics, Rim Panics, 1” Diameter Push/Pull Sets, Bottom Door Sweeps, and Overhead Surface Closers

AFS stocks the above framing and door systems in both Clear and Dark Bronze anodized. We also stock a limited amount of Black anodized.

All other Tubelite framing systems and entrance products are available on a per job basis. Also available are all of the custom anodized finishes and painted finishes offered by Tubelite on the enclosed brochure.

AFS will also fabricate doors that require custom hardware and hardware supplied by others.

We also offer a **Quick Ship Program** for select entrances and hardware configurations, which is outlined on our website. Quick ship orders will ship within (5) to (10) working days from acknowledgment of the order.
